

Study Center Design Brief

WE HAVE A BUILDING!

PRIORITY #1

To get the Study Center portion of the building designed and ready to go by late summer/early fall. Obviously not every.single.thing. can be done by then, but we are creating a prioritized list of tasks, and want to accomplish the first phase by end of summer

VISION

06

THE STUDY CENTER IS A HARD-WORKING SPACE
THAT IS FLEXIBLE, FUNCTIONAL, FUN, AND INVITING.

FUNCTIONS

LIBRARY

Housing Freedom Fellowship's many resources, and making them available to the church.

STUDY SPACE

For individual study and small group work.

MEETING SPACE

Available for cell groups, CT overflow, small classes and parties.

HANGOUT SPACE/. COFFEE BAR

People should feel welcome to settle in, grab a book, grab a coffee, read and relate.

INSPIRATIONS

Toward the vision of an inviting, flexible and functional space, we are taking cues from

COWORKING SPACES

- open
- inviting
- multi-purpose
- multiple “zones”
- individual study
- group study
- hang out
- snacks
- recreation

INSPIRATIONS

Toward the vision of an inviting, flexible and functional space, we are taking cues from

COFFEE SHOPS

- intimate
- welcoming
- relational
- inspire the creative/workflow process)

MOTIF:

MODERN INDUSTRIAL

Industrial style is essentially a hybrid of sleek modern design (think concrete, metal, exposed ceilings, exposed brick) and warm vintage elements (wood planks, lots of greenery; warm, neutral, organic, palette.)

Industrial style is a winner because while it is very on-trend, it utilizes classic elements which means it will hold its style for the long haul.

ELEMENTS

PHASE 1

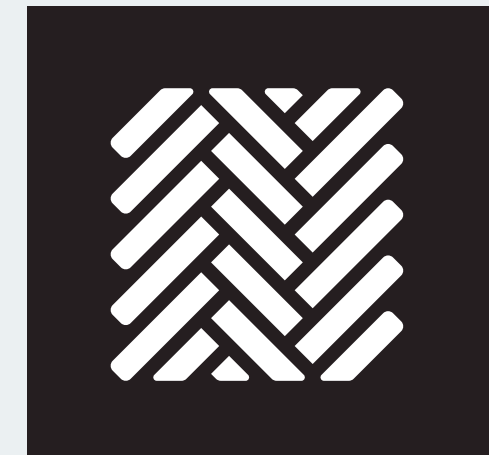

3D rendering
of space

Prep and
Paint

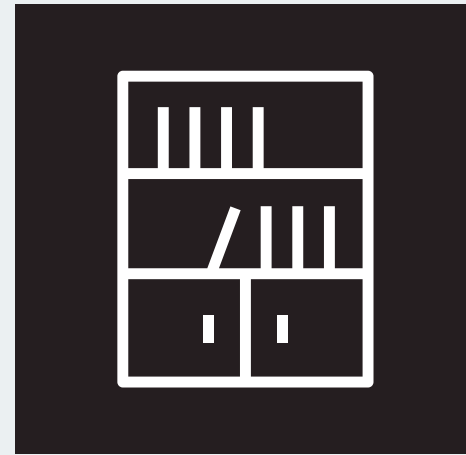

Ceiling and
Lighting

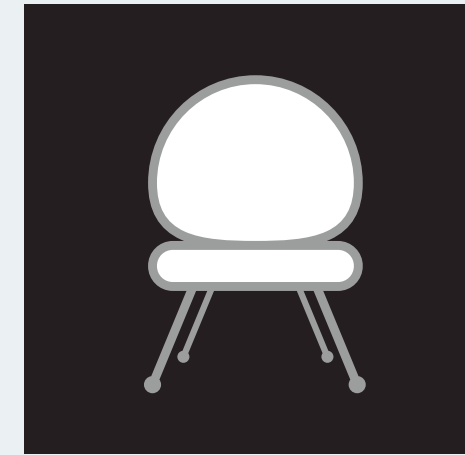

Flooring

Bar remodel

Library
Shelving

Furniture and
Window Treatments

Artwork and
Accents

MATERIALS

THIS IS A WORKBOOK PAGE - EVERYTHING IS IN THE IDEATION PHASE

Team will submit palette recommendations

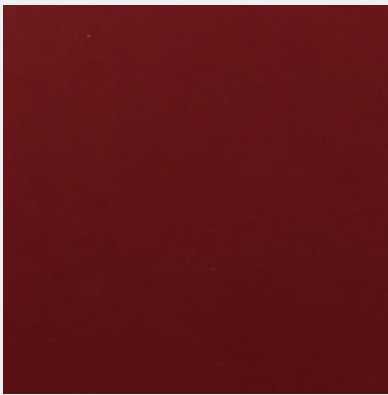

Combination of vinyl plank or laminate wood flooring, carpet, and polished concrete.

Ceiling: TBD
Lighting: Layered lighting: current can lights, task lighting, pendants over the bar, and large lighting elements in main area. (specifics TBD)

Take 6 feet off back of bar and pull it back toward the wall. Retains great functionality as a coffee bar, opens up needed space.

*We have an abundance of furniture that incorporates this color.

Therefore the palette and upholstery choices need to connect with it in some way.

TO-DO'S

FINALIZE TEAM

Members will be part of concept development and then responsible to oversee one element.

TEAM CREATE MOOD BOARDS

- look and feel
- palette
- submit 3 choices to Greg/elders

GET PREPPIN'

Room cleared, walls cleared and cleaned

LOAD PROJECT

MANAGEMENT TOOL

Presentations are tools that can be used as lectures.
